FOREWORD

The Centennial Edition of the Patriot Index is published in honor of the one hundredth birthday of the National Society, Daughters of the American Revolution. The members of the society take pride in the society's hundred years of public service to the nation and in the service of the patriot ancestor(s) on whom their membership is based.

The first edition of the DAR Patriot Index was published when the nation was planning to celebrate the 200th anniversary of the American Revolution, and the book was dedicated "To the Patriots of the American Revolution and the descendants who kept their memory alive."

One or more descendant daughters of each of the patriots listed has joined the National Society, Daughters of the American Revolution. Through their membership and work in the society they have endeavored to maintain and preserve the ideals these patriots endorsed and for which they fought. It is hoped that this new edition will assist many more descendants of the American Revolutionary patriots to join the NSDAR and assist in its service to future generations.

This edition which brings up-to-date a project started in 1966, represents another special achievement honoring the National Society, Daughters of the American Revolution and its 100 years of service to the nation.

PREFACE

The Centennial Edition of the DAR Patriot Index contains the names of the Revolutionary patriots, both men and women, whose service (between 1774 and 1783) and identity have been established by the National Society, Daughters of the American Revolution from its organization in October 1890 through the meeting of the National Board of Management on the Society's one hundredth birthday on October 11, 1990. Included with the alphabetically listed names are other known facts: dates and places of birth & death, name(s) of wife (wives) or husband(s), rank and type of service, and the State where the patriot lived or served. If pension papers are known to exist, that fact is indicated.

This Index has been compiled from data extracted from original applications of members of the Daughters of the American Revolution, from published references, and from exhibits of proof such as authenticated copies of unpublished documents which are on file in the office of the Registrar General, NSDAR. Full credit is given to the members of the staff of the Society for their persistence and skill in the difficult work of obtaining, compiling and verifying data.

Omission from this edition of the name of a DAR member's ancestor would be due to conflicting data received which raised some questions about the patriot's identity, service or descendants. When members or future applicants for membership present substantiating information to satisfactorily prove the line and service of the patriot, that information will be published in an issue of the DAR Magazine. To the best of the knowledge of the members of the DAR Patriot Index Committee the data listed herein are accurate.

The files in the office of the Registrar General, NSDAR, are used only by the staff and are not available to those doing research or to the general membership. Frequent inquiries about Revolutionary patriots are received in these offices and result in much correspondence. At the suggestion of Mrs. Albert Grover Peters, Registrar General 1965–1968, a committee was appointed by Mrs. William Henry Sullivan, Jr., President General, to produce the first DAR Patriot Index. Its main purpose was to assist genealogists in the DAR chapters who work on the application papers of prospective members and to eliminate a lot of correspondence. That first edition was copyrighted and released in 1967. It has proved to be a time-saver for historians and genealogists compiling family histories.

When the patriot's service was military, the proven highest rank attained is given; other services have been classified as Patriotic Service or Civil Service. To condense so much information into a small space it has been necessary to use abbreviations and symbols. A guide to the use of this book and a list of the symbols and abbreviations follows.

Members of the Patriot Index Committee have been eager to produce this Centennial Edition and thus to bring up to date (1990) the project started in 1966. Special credit is due the chairman, Mrs. Stanley N. Gilreath and Miss Carol M. Zierjack of the Committee and Mrs. Robert F. Kreinheder and Mrs. William R. Hunter of the Staff. On their shoulders fell the heavy responsibility and the labor.

It is with pride that this Centennial Edition of the DAR Patriot Index is presented for publication by the National Society, Daughters of the American Revolution.

HOW TO USE THE DAR PATRIOT INDEX

The names of patriot ancestors are arranged alphabetically by surname. Surnames pronounced similarly are grouped together under the most commonly used spelling. Should your ancestor not be listed under the name as you spell it, try other spellings. Remember that letters with similar sounds are sometimes used interchangeably. For example, Beavan, Bevan, Bevin, Bevins, Bibbens and Bivins all are found under “BEVANS.”

Patriots of the same name, and sometimes with service in the same state, are differentiated by the dates and places of their births and deaths and also by their spouses’ names. Spouses’ names are spelled as shown in NSDAR records. Locations are cited as being in the geographical jurisdiction in which they were at the time of the event. For example, locations now in Maine are listed as Massachusetts prior to 1820.

The *Alphabetical List of Abbreviations* on the following pages identifies those used to conserve space. Familiarity with these abbrevations is essential in order to interpret all the information given. If the existence of a pension is indicated (PNSR or WPNS), a photocopy may be obtained by submitting NATF Form 80 to the National Archives and Records Administration, General Reference Branch, Washington, DC 20408.

This Index does not include all available information on patriots nor does it identify their children. Questions regarding further data on a patriot or his children cannot be answered in detail by the Registrar General’s office; however, a photocopy of an application paper of a related member may be obtained for a fee. Remember that NSDAR requires proof only for the child through whom a member descends.

Requests for photocopies of application papers should be mailed to the Registrar General, NSDAR, Record Copy, 1776 D Street, NW, Washington, DC 20006-5392, with a check made payable to “The Treasurer General, NSDAR.” Consult the latest edition of the DAR Handbook or the DAR Magazine for the current price.
